Areas of Expertise

Technology, Media & Telecommunications
Privacy & Data Security

Senior advisor Ki Joo Lee of Kim & Chang provides advice in the areas of communications, media, information and communication technology, privacy, data protection, and AI. His major customers include domestic and international telecommunications, media, and IT companies, and he provides extensive advice in the fields of policy, business, and technology.

Mr. Lee has long served as a public official at the Ministry of Information and Communication and the Korea Communications Commission, served as the president of the Korea Internet & Security Agency (KISA), and served as a standing member of the Korea Communications Commission (Vice Minister-level) for three years. He has gained various experiences in the government and the public sector. He also served as a Senior Advisor for Information and Communications at the World Bank.

Advisor Lee earned a master's and doctorate degree in policy in the field of information and communications at George Washington University in the US and provided extensive advice in the field of information and communications as a representative of the Office of Orthodox Administrators until 2019 after his resignation from public office in 2017. In 2018 and 2019, he served as the Chairman of the Personal Information Protection (PIS) Fair Organizing Committee. From 2020 to the present, he has been the Chairman of the International Security Exhibition & Conference (SECON) and the International Security Conference (ISEC) respectively, and the Chairman of the Korea Chief Information Security Officer (CISO) Council, contributing to the development of the information protection sector.
